

**The VII Forum RIES 2022 about Cutting-Edge Health: healthcare innovation and new care models will be held on October 26<sup>th</sup> and 27<sup>th</sup> at AC Palacio del Carmen, Santiago de Compostela.**

The reference forum for innovation in health at a national and international level organized by the Cluster Saúde de Galicia, #RIES22, returns to Santiago de Compostela for its seventh edition. This year the VII Forum RIES 2022 aims to address the innovative solutions that have been developed to improve care and the challenge of matching this progress with an impact on care models.

In addition, in order to promote the international projection of the projects developed in our ecosystem and the collaboration of SMEs at a national and international level, the CSG collaborates with the Chamber of Commerce of A Coruña to combine the celebration of EXPORPYMES (25/10 in A Coruña) and #RIES22 (26/10 and 27/10 in Santiago de Compostela) in the same week. This makes Galicia the epicenter of innovative projects in the health industry at a global level.

#RIES22 will be face-to-face, and it will take place at the AC Palacio del Carmen in Santiago de Compostela on October 26<sup>th</sup> and 27<sup>th</sup>.

On October 26<sup>th</sup>, the pre-conference program is celebrated, which aims to highlight the speakers, sponsors, collaborators, and award winners of the VII Forum RIES 2022.

The main conference starts on October 27<sup>th</sup> at 10:00 and will represent a space to share knowledge and experiences, prioritizing the quality of the content, presence, and the generation of synergies that will have an impact on people. The day features keynotes, a round table, guided tours of the exhibitors, and forum/networking spaces.

Those interested can register through the webpage [forumries.com](https://forumries.com), where they will find all the information and news about the final program of the VII Forum RIES 2022.

## OCTOBER 27TH: CONFERENCE #RIES22

**NOTE:** Presentations are either given in Spanish or in English. Simultaneous interpretation services are available for the full #RIES22

### 09:30 **Opening and context #RIES22: Institutional Table**

**José Noya** - President #RIES22 Committee

**Patricia Fernández Liz** - Director of the Services Area at GAIN Galician Innovation Agency. Xunta de Galicia.

**Norberto Penedo Rey** - Director of Competitiveness IGAPE

**Javier Ventosa Rial** - Deputy Director General of Social-Health Care and Healthcare Innovation. Ministry of Social Policy and Youth. Xunta de Galicia.

### 10:00 **Keynote**

**Alberto Fuentes Losada** - General Secretary of the Ministry of Health, Xunta de Galicia

**Title:** "Healthcare innovation in Galicia through technology"

*The strategy of the Ministry of Health has always had a commitment to innovation in all processes and systems. Now more than ever, with an increasingly aging population, we need to follow the path of what has already been done with the continuity of the existing lines of action and with new ones, strengthening public healthcare, continuing with the digital transformation of Primary Care, and strengthening and renewing technologies, infrastructures and systems to empower citizens and improve care processes. All this while being aware that innovation is multidisciplinary and that without well prepared teams, innovations have little viability.*

### 10:30 **Round Table**

**Title:** "Technological Innovation and Care Models from the public and private perspective."

**Moderator:** **Joan Cornet Prat** - CEO at Innohealth Academy

**Panellists:** **Estrella López-Pardo** - Gerente SERGAS. Xunta de Galicia.

**Anton Acevedo Prado** - General Director of Comprehensive Social and Health Care. Ministry of Social Policy and Youth. Xunta de Galicia.

**Francesc Iglesias** - Head of the Innovation and Research Support Office - Management Department

**José Antonio García Parada** - Manager within the Health and Social Services division. NTT DATA

### 11:45 **Coffee break**

- 12:15**      **Keynote**  
**José María Pena Rodríguez - Chief Executive Officer DomusVI**  
**Title:** *Creating the future of care*  
*Demographic pressure and changes in generational habits are going to require new models that allow, on one hand, greater freedom of choice for the elderly and, on the other, care that is more focused on caring for the person. At DomusVi we want to participate and lead this evolution in which innovation and technology will play a leading role.*
- 12:45**      **Keynote**  
**Tjaša Sobočan - Government Office for Digital Transformation Slovenia**  
**Title:** *Slovenian healthcare system – in pursuit of a new social agreement for the next 20 years*  
*Slovenia aims to raise new and better standards on healthcare system with integrated perspective of digital transformation and digital (social) innovations. What is the current status of Slovenian digital healthcare transformation? How does that support endeavours for integrated social and health models? Tjaša Sobočan will deliver a keynote to highlight Slovenian point of view on national healthcare ecosystem and the delivery of changes to the benefit of patient-centered approach.*
- 13:00**      **Social Project**  
**Carol Mitjana Isarn - CEO of I feel, el método.**  
*“Today he is 86, tomorrow you will be and only you decide how you want to live it.”*
- 13:15**      **Agora DOMUSVI**
- 14:00**      **Visit of authorities and speakers to Showroom #RIES22**
- 14:30**      **Lunch**
- 16:00**      **Greeting from :**  
**D. Francisco Conde López - First Vice President and Minister of Economy, Industry, and Innovation. Xunta de Galicia**
- 16:15**      **Visit of authorities and speakers to Showroom #RIES22**
- 16:45**      **Agora PlexusTech: Do we transform? Do we innovate? Do we digitize?**

17:15

**Keynote**

**Johan Halvarsson** - *Lead at SuperEcosystem at Savonia University of Applied Sciences, Finland*

**Title: Ecosystem development on steroids - SuperEcosystem**

From 0 to 100, in no time. The story of how to capitalize on an opportunity, like COVID-19, where the world closes down and business is interrupted. Hear Johan Halvarsson talk about how they achieved “Think BIG and Act LOCAL” success using both bottom-up and top-down approaches.

Insights include how the SuperEcosystem Meta-Cluster was developed and how they facilitated the collaboration of different sector verticals like Energy and Agri-Food together with Health and Water. Johan Halvarsson will walk you through the evolution of Ecosystems and Clusters and present a use case of how EU-level initiatives trickle down to real business growth, with players including regional policy makers and their S3 topics, clusters, and ecosystems, down to business.

17:45

**Coffee break**

18:15

**Keynote**

**Richard J. Banchs** - *Associate Professor, University of Illinois Hospital Chicago*

**Title: Innovation: Barriers to change**

Innovation is defined as the invention, adoption, and diffusion of solutions that achieve improvements in the treatment, diagnosis, prevention, delivery, and access to healthcare. There are numerous barriers to the successful implementation of innovation: technical, regulatory, reimbursement, adoption, and customer based. The framework and strategies to address some of these challenges are described. Examples of initiatives in the US are presented.

18:45

**Social Project**

**Javier Pitillas Torra** - *Founder of DISCAMINO*

**Title: Project DISCAMINO**

19:00

**Keynote**

**Alfredo H. Remón M** - *National Director of Norms, Standards and Special Verticals. National Authority for Government Innovation of Panama*

**Title: Covid19 information system for the national vaccination strategy PANAVAC19**

*Development of an end-to-end digital system that would achieve real-time traceability of vaccinated and biologicals and be able to have real and reliable data for decision-making data analysis, and promote transparency and trust in the vaccination strategy*

19:30

**Closing and conclusions**

19:45

**Closure**

*José Noya* - *President #RIES22 Committee*

*Rocío Mosquera Álvarez* - *President of CSG*
